Forecast For Wales
Issued by Met Office Exeter
at 1600 on Saturday 16 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A dry evening followed by showers overnight.

This Evening and Tonight:
A dry and cloudy evening with clear spells at times. Showers will arrive from the northwest during the night, possibly wintry over hills. Slightly less cold than recent nights but there is still a risk of patchy frost. Minimum temperature 2 deg C (36 deg F).

Sunday:
A mostly dry day with some sunny spells during the morning. The odd shower is still possible, and more are expected to arrive from the west during the evening. Maximum temperature 8 deg C (46 deg F).

Outlook for Monday to Wednesday:
Initially dry on Monday morning before heavy rain arrives in the afternoon. Tuesday and Wednesday will see further outbreaks of heavy rain, with strong winds, especially along coasts.
